

HALE & CO. (Drybrook) Ltd.

Natural Stone

We supply the following Trade & DIY Products

Available in bulk bags or loose loads

Cropped Walling Stone

Cropped Walling Stone when used with mortar is suitable for all building requirements from houses, extensions and walls.

The stone comes with at least 1 cropped face, assorted course sizes from 75 to 200mm and random bed size 100 – 150mm

Depending on the method of building, 1 tonne of cropped walling stone covers 3- 4m².

Random Walling Stone

Random Walling Stone is specially selected uncut stone used primarily in the construction of dry stone walling.

The stone comes in various sizes and thickness.

1 tonne of random walling stone will build approx 3 - 4m² of wall.

Quions, Capping & Masonry

Matching or Contrasting Natural Stone Quions, Capping, and Cock & Hen available.

Other basic Masonry can be arranged or Block stone supplied

Call sales on **01594 545300**

Gravel Chippings

Various sizes of clean stone is available for all types of landscaping applications

Driveway Chippings, used for gravel drives, usually consist of 14mm clean stone. However 10mm and 20mm stone can also be used.

If the stone is spread to a thickness of 30mm to 40mm, 1 tonne of stone covers an area approx 15 m² to 20 m².

Concrete Ballast

Concrete Ballast is a blend of dust and coarse and fine aggregate that is used to make concrete. Concrete ballast comes in two sizes, namely 20mm to Dust or 14mm to Dust.

125kg of cement mixed with a tonne of ballast will produce approximately half a cubic metre of general purpose concrete.

Gabion Stones

Gabion Stone is large crushed stone from 80mm up to 300mm and is used to fill Gabion Baskets. These baskets are generally used as retaining walls.

The baskets are usually 1m³ in size and it takes approximately 1–2 tonnes of gabion stone to fill each basket. The Gabion Baskets are **not** sold at the quarry.

Rockery/Landscaping Stones

Large or small, Flat or irregular shaped stones can be hand-picked for any project from small garden to Large Commercial.

We have supplied many garden projects, The National Trust, Offa's Dyke, Safari Parks & a 100 Tonne Natural Stone climbing wall
